***If you're looking for some extra training run by professional instructors and have  
been thinking about representative football then come along to one of the trial dates .***

### ***What are "Player Development Squads" ?***

The Canterbury District runs grassroots football as an entry point for players of all abilities. A small number of players desire to progress to the next level of football ie.. competitions run by Football NSW. Along with players that want to increase their skills development, "Player Development Squads" are run by the association on a weekly basis for a limited number of weeks (approx 6 weeks) as extra training.
