

Steel Park Field Procedures

Field Equipment required for Field 1 and Field 2 (each field)

Located in the HOME DRESSING ROOM

- 16 x posts for marking corner points and half-way
- 2 x goal nets
- Field ID banners 1 and 2
- 3 x benches for (coach/manager/player and referees) Technical Area
- 1 x Technical Area signs (yellow)

Also required:

- 26 x Field boundary stakes (for 16 x Rope 1 & 10 x Rope 2)
- 2 x Field boundary Rope Reels No. 1 and 2
- 1 Full Field equipment box with 2 mallets, 40 pegs (10 per net) & 2 field banner stakes

Full Field (U12 - Adult) Set-Up

Field Set-Up Activities:

1. Corner & Half-Way Posts:

Place 1 post into each field's corner points (4) and then place 1 post 1m back from the sideline at each end of the half-way line (2).

2. Goal Nets

Collect the appropriate 2 goal nets (Field 1 Black crates & Field 2 grey crates). Take to the field. Full Field 1 is closest to the children's playground and Full Field 2 is closer to PCYC:

- Take the net out of the crate and lye the net out at the goal. The perimeter with the white twist pegs attaches to the goal post frame
- If required use the crate upside down to gain height.
- Start with a top corner and twist the net pegs along the cross bar first.
- Attach each side twist pegs to the goal.
- Hammer 10 pegs to secure the net to the ground

Steel Park Field Procedures

- Leave goal net crate behind the goal

Full Field (U12 - Adult) Set-Up continued:

Field Identification Banner:

For Field 1 place stake on half-way line other side of cricket pitch and Field 2 place the stake by the corner close to Field 1:

- Hammer the field banner stake into the ground
- Place the appropriate Field ID banner onto the stake

3. Set up benches:

For your field set up 2 benches (one for each team) and 1 bench for the referees. Ensure:

- the locking rings (3) on each bench are slid all the way down the support stay
- the red catch switch is set to lock

4. Technical area signage:

Fold *Technical Area - Players, Coaches and Managers ONLY* (yellow) sign so the red writing is facing out.

Place sandwich board by each the field banner.

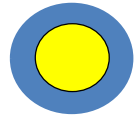

5. Rope set-up:

Refer to the Steel Rope Set-Up procedures (separate sheet).

Set up Rope 1 and Rope 2

6. Leave Full Field equipment box in between Full Field 1 & 2

7. Leave the park pull-trolley in between the two full fields with equipment box

Steel Park Field Procedures

Full Field (U12 - Adult) Pull-Down

Commence Pull-Down activities after last game – irrespective if it ends at different time to the other Full Field game.

1. Pull-Down Activities: Return to Club House Home Storage Room:

- **Field posts** - Collect all corner and half-way posts (6)
- **Field Identification Banner** - Collect field ID banner (1) and separate from banner stake placing it into the Full Field equipment box. Do not pull the banner apart
- **Technical Area Signs** - Collect board and fold the sign over so the red writing side faces inwards (yellow back faces outwards)

2. Goal Nets:

- Undo nets (stand on crate to gain height if required) and place them into the crates. Collect pegs (10) from each goal and place into Full Field equipment box
- Return to Club House Home Storage Room

3. Ropes:

- Ropes are to come down ONLY after the last game is completed.
- Refer to the Steel Rope Pull-Down procedures (separate sheet).

4. Return Full Field equipment box and park pull-trolley

Confirm with the other *Full Field Pull-Down* team who will return Full Field equipment box to Club House Home Storage Room

5. Collect Rubbish

Collect all rubbish and place in garbage bin
