

Tempe Reserve Synthetic Field Procedures

Field Equipment required is:

- Black bag with 4 corner flags
- 2 x goal nets (in a ball bag)
- 1x benches for referees
- 1 x Technical Area signs
- 2 goal base posts (2 people required)
- ladder

Equipment will be found in the referee room in the blue building (closest building to the synthetic field)

Full Field Set-Up

Field Set-Up Activities:

1. Corner & Half-Way Posts:

Place 1 post into each field's corner points (4)

2. Goal Nets

- Take the net out of the ball bag and lay the net out at the goal. The perimeter with the white twist pegs attaches to the goal post frame
- Spread out the silver post to make the two side and back post for the goal.
- Place the silver post up to fixed posts
- Start with a top corner and twist the net pegs along the cross bar first.
- Attach each side twist pegs to the goal and the post on the ground.

3. Bench

Open the bench and place it between the two fixed benches.

Tempe Reserve Synthetic Field Procedures

Full Field Pull-Down

Commence Pull-Down activities after last game

1. Pull-Down Activities: Return to Referee Room:

- **Field posts** – Place corner flags in the black bag
- **Technical Area Signs** - Collect board and fold the sign over so the red writing side faces inwards (yellow back faces outwards)
- **Referee Bench**- fold legs up and close the bench

2. Goal Nets:

- Undo nets (stand on ladder to gain height if required) and place them into the ball bag.
- Fold up the post on the ground (2 people required)
- Return to Referee Room

3. Collect Rubbish

Collect all rubbish and place in garbage bin
